Cabinet for Health & Family Services

Division Director, Rebecca Giffis
Division of Public Health Protection and Safety

Dear Jill Brislin,

An audit of your MDCB learning plan, for your cycle ending on 12/31/2019, was recently conducted. At the time of the audit, the results of the audit indicated that you meet the minimum 50 credit requirement to fulfill your current cycle. Documentation on your learning plan has been provided and verified.

Your learning plan for your cycle ending 12/31/2019 is now complete. We commend you on your continued professionalism.

IN ORDER TO SUBMIT YOUR CREDENTIAL RENEWAL FEE TO BEGIN YOUR NEW CYCLE, CREATE A NEW LEARNING PLAN ON THE LEARNING PLANS TAB, THEN CLICK THE BEGIN BUTTON AND PAY FEES. CREDENTIAL RENEWAL IS AVAILABLE ANNUALLY BEGINNING ON OCTOBER 1.

BEGIN ACCUMULATING CREDITS FOR YOUR NEW CYCLE BEGINNING JANUARY 1 AFTER THE START OF THE NEW CYCLE. Until the January 1 after 12/31/2019, your new learning plan for your next 5-year cycle will be locked.

Thank you for helping the MDCB verify your continuing education credits in order that we may validate your credential. A NEW FIVE-YEAR CERTIFICATE WILL BE MAILED TO YOU IN LATE JANUARY.

Please note: to determine the reason an activity has been rejected or received 0 credit, click on the "list" icon next to the activity.

Thank you!
MDCB

Courses/Lectures/Seminars/Webinar					24.5 Units Accepted 24.5 Units Added
Course Name	Date	Units	Activity Type	Next Step	
Deformable Registration and Adaptive Therapy - The Varian Solution	3/17/2015	1.00 / 1.00	Webinar	Activity Accepted	
Show More Instructions Effective January 2013, no credits will be assessed for review courses.

**ATTESTATION REGARDING REQUIREMENTS FOR
TRAINING AND/OR EXPERIENCE FOR AMERICAN
COLLEGE OF RADIOLOGY
“MINIMUM REQUIREMENTS FOR MEDICAL
PHYSICIST 1/1/2010”**

I, Jill Brislin, attest that I have received training in the area of Diagnostic Radiological Physics under the direction of Jodi Daves, Certified Diagnostic Radiological Physicist ABR, and Sarah Hughes, Certified Diagnostic Radiological Physicist ABR from 12/2009 to 12/2010. My training consisted of more than 50 hours of hands on surveys for more than 100 diagnostic xray units and CT to ensure compliance with American College of Radiology, Joint Commission and Kentucky regulation. I also have extensive experience in performing Quality Assurance evaluations on Linear Accelerators in the Radiation Therapy arena as well as the dosimetry measurements and analysis associated with Radiation treatment. I also have more than 10 years experience handling radioactive materials, the dosimetry involved and the associated regulatory requirements.

I hereby attest to the accuracy of the above information:

Jill Brislin, CMD, RT(R)(T)

Jodi L. Daves, dABR

Sarah Hughes, dABR
